EXEMPTION DATA

The district has various exemptions for which taxpayers may qualify, such as the standard residential homestead exemption and the over-65 residential homestead exemption. You may only apply for residence homestead on one property in a tax year. A homestead may include up to 20 acres of land you actually use in the residential use (occupancy) of your home. To qualify for a homestead exemption, you must own and reside in your home. The age 65 or older or disability exemption for school taxes includes a school tax limitation or ceiling. Some taxing units such as county and cities have exemptions and tax ceiling limits. The filing of this application is between January 1st and April 30th. You may file a late homestead exemption if you file it not later than one year after the date taxes become delinquent. There is also a Transfer of Tax Limitation or Ceiling Certificate if you move out of the county. This can transfer to the new county in which you reside.

Property owners may qualify for a variety of exemptions as provided by the Texas Constitution. Some of the most common occurring exemptions are described in the Texas Property Tax Code, Chapter 11.

RESIDENTIAL HOMESTEAD

The following chart represents the total exemption amounts available to homeowners who qualify for this exemption on home sites with a maximum of 20 acres:

ENTITY	HOMESTEAD	OVER-65	DISABLED
Baylor County	N/A	Freezes	Just Freezes
Baylor County Road	\$3,000	Freezes \$3000	Freezes
City of Seymour	N/A	Freezes	Freezes
Seymour Hospital	N/A	N/A	N/A
Rolling Plains GWCD	N/A	N/A	N/A
Seymour ISD	\$100,000	\$10,000 & Freezes	\$10,000 & Freezes

For school tax purpose, the over-65, disability, surviving spouse and 100% disabled veteran residential homestead exemption create a tax ceiling prohibiting increased taxes on the homestead on existing buildings. Any new area added to the home site will cause the ceiling to be readjusted and set tot the subsequent tax year.

All homeowners who qualify for the residential homestead exemption are subject to the placement of a homestead cap on their qualifying property which prohibits the increase of taxable value on the homestead property to ten percent (10%) per year. However, the market value may still be reflective of the local real estate market.

DISABLED VET

Disabled Veterans, in addition to the residential homestead exemption allowable to disabled veterans with a 100% service connected disability (as described above), disabled veterans are allowed a general exemption on any on property they own based upon the percentage rating as determined by the Department of Veteran’s Affairs. Current exemptions amounts, as based upon this ratings, are:

DISABLED VETERANS	Amount	Percentage
DV1	\$5,000	10%-29%
DV2	\$7,500	30%-49%
DV3	\$10,000	50%-69%
DV4	\$12,000	70% or Greater
DVHS	TOTALLY EXEMPT	100%

*The DVHA applies only to the General Homestead Exemption

The surviving spouse and minor children of a member of the armed services who dies while on active duty will receive a \$5,000 exemption. Other commonly occurring exemptions are listed below.

OTHER EXEMPTIONS

Other commonly occurring exemptions are:

- Cemetery Exemptions,
- Religious Organizations,

PTAD REVIEWS

Appraisal practices are governed by the Texas Property Tax code and rules established by the Texas Comptroller of Public Accounts. The Property Tax Assistance Division conducts a Property Value Study and a Methods and Assistance Program review in alternating years. Results of both reviews are available on the Comptroller's website.

The Property Value Study is conducted by the State comptroller's Office to estimate the taxable property value in each school district to measure the performance of Appraisal Districts. If the Appraisal District is within a five percent (5%) margin the State Comptroller will certify the local value to the commissioner of Education. The findings of the study are used in the school funding formula for state aid.
